Objective

I am passionate about UX research and design with a focus on accessibility.

Education

University of California, Santa Cruz

M.S. in **Human Computer Interaction**; Expected December 2024

University of California, Riverside

B.A. in **Sociology** with a minor in Public Policy, 2018

Certifications

Google x Coursera Certificates:

Foundations of User Experience

Build Wireframes and Low-Fidelity Prototypes

Conduct UX Research

Experience

09/2023 - Present

Human Computer Interaction Graduate Student • UC Santa Cruz

Yarn Community Project - In this project, my team and I identified pain points of the Yarn Community and created a mentorship application prototype that fosters community engagement, resource sharing and collaboration. My contribution included user research, wire framing, and prototyping.

Uber Safety Redesign Project - My team redesigned Uber's driver safety feature to include more transparency and increased credential screenings for drivers. My contribution was in wire framing.

09/2018 - 10/2023

Immigration Paralegal • Nonimmigrant Visas • Graham Adair, Inc.

In the five years of Immigration Law, I have prepared legal documents, filings and correspondences; managed company accounts and records with the highest level of confidentiality and discretion; strategized with attorneys and paralegals for complex cases; and accurately and efficiently documented and tracked immigration status expirations.

Key Skills

Fluent in English and Spanish

Figma, Microsoft Office
